# NCCSA MEMORANDUM

---

---

**TO:** NCCSA ADMINISTRATORS  
**FROM:** NCCSA STATE OFFICE  
**SUBJECT:** 2010 NCCSA STAFF DEVELOPMENT PROGRAM  
**DATE:** 03/01/2010

---

We invite you to attend the 2010 NCCSA Staff Development Seminar which will be held in two sessions on July 26-29, 2010. This year's guest speaker is Dr. Phil Johnson from Global Next in Dallas, Texas. Dr. Johnson is a former classroom teacher, administrator, and educational director for the Florida Association of Christian Colleges and Schools. He possesses a master's degree in education and a Ph.D. in International Relations. Dr. Johnson is a published author and a frequent speaker at national and international events. Phil is the husband of Haeryeon and father of two sons, Kris and Sam. It is our desire that this seminar will be of great benefit to you and your faculty members and will motivate, challenge, and encourage each teacher to have a renewed enthusiasm in the classroom.

***We will be offering the same seminar at two different locations again this year.*** On Monday and Tuesday, July 26 and 27, the seminar will be held at **Piedmont Baptist College in Winston-Salem**, and on Wednesday and Thursday, July 28 and 29, the seminar will be held at **Faith Christian Academy in Goldsboro**.

For any information regarding lodging, please contact the NCCSA State Office.

***If you provide "professional" staff development for your teachers, you will not want to miss this training for your faculty. If you have never participated, we encourage you to do so this year.*** Some schools require their teachers to attend, while others permit their teachers to decide on their own. We make every effort to offer "high-caliber" speakers year after year for this training, and we trust you'll take advantage of this opportunity. Please display the enclosed advertisement and assist us in promoting this great event.

***Please complete the correct enclosed registration form and return it to the NCCSA with the appropriate fees before May 21, 2010. The cost is \$40 (early bird discount) before May 21 and \$45 after May 21.***

***\*\*For all schools in Greensboro and west of Greensboro, please use the "Piedmont Baptist College" form. For all schools east of Greensboro, please use the Faith Christian Academy form. Make checks payable to the NCCSA.*** Your help in returning the registration forms as soon as possible will allow the office to have adequate planning time for these sessions. You may also go to [www.nccsa.org](http://www.nccsa.org) to download and type in the registration form information.

**NCCSA Official CEU credits will be available and will count toward the "official NCCSA CEU" credit that is required for NCCSA Teacher Certification—2008 Edition v1.5. Any new or renewal applicant since January 1, 2008, must earn at least 25% of all CEU renewal work at either the annual convention or this summer staff development session.**

NCCSA State Office

## Leadership Paradox

Phil Johnson

1. ***Leading in a Broken World:*** A look at cultural shifts that impact every classroom and highlight the need for identifying and producing a new generation of leaders.
2. ***Leadership Defined:*** Rethinking the definition of leadership and identifying the qualities that indicate your students are ready to lead.
3. ***Your Leadership Style:*** Everyone can lead, but we all lead differently. Do you lead as an Emperor, Enchanter, Encourager or Establisher?
4. ***Underage Thinking:*** The way your students think impact who they will be. This session looks at how we can teach students to think and a challenge to rethink “adolescence.”
5. ***Leading with the Power of Small:*** How surprising choices, words and actions can have profound influence on your class and on developing leaders.
6. ***Gen-What?*** There are five generations that exist on earth today. Understand how different generations think in the classroom and lead in the world.
7. ***Identifying Difficult People:*** Meet the world’s top 10 most difficult people who impact your daily life, your classroom and your effective leadership.
8. ***Leading Difficult People:*** Are you leading “inside” or “outside” of the box? This new way of understanding your interactions with difficult people will change your relationships.
9. ***Fatal Flaws of Leadership:*** What will prevent you from success in the classroom and in life?
10. ***Doing the Unexpected:*** Extraordinary leadership and profound impact don’t always happen the way you think. This session will look at the paradoxes of leadership and classroom impact.

# **2010 NCCSA SUMMER STAFF DEVELOPMENT**

## **Day One Schedule**

**9:45 – Registration**

**10:00 – 12:00 – Session I**
